

Claims

1. Mixed fibre nonwoven or woven fabric for making nonwoven or woven articles such as fillings for bedding, upholstered furniture and automotive interiors or the associated covers, textile garments and linings, characterised in that the mixed fibre nonwoven or woven fabric consists of the principal components cellulose fibres and kapok fibres.
2. Mixed fibre nonwoven or woven fabric according to claim 1, characterised in that the cellulose fibres consist of chemically manufactured cellulose fibres.
3. Mixed fibre nonwoven or woven fabric according to claim 2, characterised in that the cellulose fibres consist of lyocell fibres manufactured by the solvent process.
4. Mixed fibre nonwoven or woven fabric according to any of the above claims, characterised in that it forms a climate fabric.
5. Mixed fibre nonwoven or woven fabric according to any of the above claims, characterised in that polyester fibres are added to it.
